

# Techtextil 2011

We are looking forward to your visit in Frankfurt.

Hall 4.1, booth E21

Techtextil is more than a trade fair – it's a tailor-made business solution for the entire industry. The recipe for success is the overarching character of products and application areas.

This is as well the target of the DOLAN GmbH. Together with the Lenzing AG with its headquarter in Lenzing, Austria, DOLAN GmbH presents a broad overview of the wide product range. We will inform about textile solutions and innovations in different applications from awning fabrics, flock applications to textile architecture.

We are looking forward to welcome you on our booth E21 (hall 4.1) from 24th until 26th May 2011!
